

Freedom Group provides engineering, construction, facilities management and maintenance services relating to core infrastructure in a range of market sectors. We are committed to delivering services and projects to our clients in a responsible manner. As such, we make every effort to reduce our environmental impacts, continually improve our environmental performance and support clients in reaching their environmental goals. Our key values are **AIMED**: **A**lways safety first, **I**ntegrity, **M**aking a difference, **E**nsure we work together and **D**elivering what we say.

Our environmental commitments are to:

- Comply with, and where possible exceed, applicable legal and other requirements;
- Prevent pollution of land, air and water;
- Promote improved fuel and energy efficiency;
- Reduce waste and actively promote re-use and recycling across our business;
- Conserve and promote biodiversity through raising awareness and effective control measures;
- Monitor our environmental performance and set objectives and targets;
- Deliver appropriate environmental training to our staff;
- Integrate environmental innovation and efficiency in project design, construction and the services we provide;
- Work with our supply chain to promote sustainability in everything we do.

This policy applies to all Freedom Group operations and will be communicated to all those working for or on behalf of the Company.

David Hartley, Chief Operating Officer
